

The Launch of Eve Gibson's book *Beyond the Boundary Fannie Bay 1869-2001* was held at the Darwin Sailing Club on 14 June.

Against the background of a spectacular sunset, Emeritus Professor David Carment launched Eve's book. The book launch attracted a large crowd of local Fannie Bay/Parap people and offered the chance to catch up with Eve and Ian. It has been nine years since they retired to Hobart.

The book focuses on events, buildings and town plans that contributed to the history of Fannie Bay. It covers the first buildings in the area which includes the railway, Vesty's meatworks, and housing. The book records the landing of the first flight from England to Australia in 1919, and the enormous impact that World War Two and Cyclone Tracy had on the suburb.
